Hi Joe and Brent,

By the end of the week, we may have a letter signed that will conditionally allow you to expand into the next 2 acres (not 3, fyi). Until then, you will need to stay within your existing disturbances and reclaim as you go, as Brent and I discussed.

The condition is that you provide a replacement map to clarify your plans, correct the acreage, etc., by **September 10th**. The official date will come in the letter - it may change.

Attached is a copy of the map that you could use to make the replacement map. Identify the regraded and reseeded areas. Also attached is a copy of your newest map.

Let me know if you have questions. Thanks.

Peter
